

## Steps to Divest:

1. Open a bank account with a local credit union or Amalgamated Bank (or most online banks)
2. Adjust all automatic payments
3. Write a check from your old account to yourself and cash it with your new account
4. Fill and Print the Letter off from our website and hand it in as you close your old bank account
5. Look into your investments and either personally sell fossil fuel holdings or ask advisor to do so
6. Sign our online petitions to divest city and state funds from fossil fuels as well
7. Save the Planet!
