

WEST VIRGINIA

# state parks

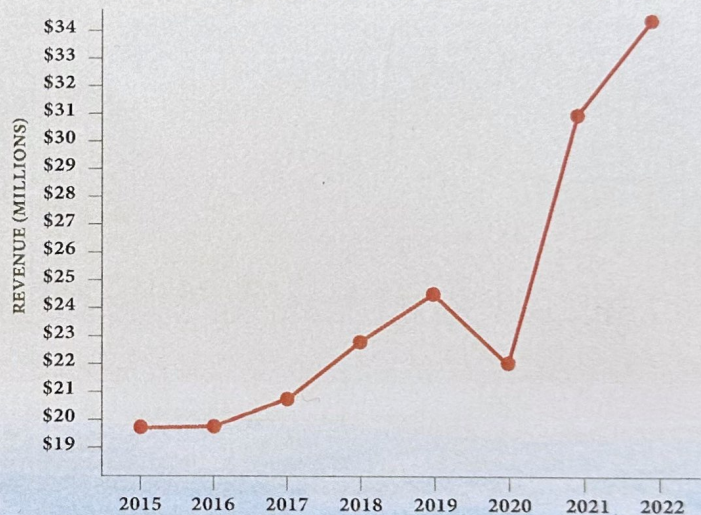

Thanks to your continued support, West Virginia's state parks have seen a complete transformation. We've gone from a system burdened with decades of deferred maintenance and no online reservation platform to one of the nation's premier systems with top-notch marketing. Our investments are paying dividends.

## FAST FACTS:

- ▶ State Parks are completing more than **\$150 million** in improvements, which included upgrades at every single state-operated lodge and every cabin across the state.
- ▶ The last four fiscal years have been the **best financial performers in history of park system.**
- ▶ Increased marketing and advertising resulted in online sales hitting an **all-time high of \$14 million** in revenue. We're on track for 2023 to be another incredible year with online sales already at **\$12 million in the first nine months of the year.**
